It is the customer's obligation to verify that the use of the product complies with the laws, regulations and patents in force in the country in use.

DECLARATIONS

n.a.

INSTRUCTIONS FOR USE

Ready-to-use product. Apply to dry and clean surfaces, eliminating any impurities or residues from previous treatments. Once applied, leave the product on for at least 1 – 2 hours. On particularly difficult stains, cover with a nylon to prevent evaporation. Finally, rinse the surface thoroughly with water. If necessary, use a brush to remove the residue well. For a complete action, it is possible to repeat the application of the product.

Apply at room temperature. The product is acidic and corrosive, do not use on polished marble as it will make it opaque. Avoid contact with metal, wood, and ceramic parts.

When a surface is treated for the first time, it is good to evaluate its effect on a sample or on a hidden corner. After treatment with Rust Remover, it is advisable to protect the dry surface with a Tenax protective product.

TECHNICAL DATA	
Density at 25°C	1,240 Kg/L
pH	2
Appearance	Liquid
Color	Light yellow

COVERAGE	
Consumption depends on the porosity of the material.	
INDICATIVE COVERAGE WITH 1L OF PRODUCT:	
SURFACES WITH LOW POROSITY (such as dense or polished surfaces)	30-40 m2 223-430 sq.ft.
SURFACES WITH HIGH POROSITY (such as sanded or brushed surfaces)	20-30 m2 215-323 sq.ft.

STORAGE AND SHELF LIFE

Under normal conditions of use and work (between 5 and 30 °C), the product is well stored away from sources of heat, humidity and direct sunlight and is guaranteed for 24 months. Reseal the package carefully after use. Protect the product from frost.

SAFETY PRECAUTIONS

It is a chemical. Before use, it is recommended to read the safety data sheet and the notes on the packaging.
